PREFACE

In presenting this volume of the Directory to the fraternity I do so with a feeling that to many it is going to prove a disappointment, but with a consciousness that I have done the best I could with the material available and in the time alotted.

In many instances it has been impossible to get in touch with members or secure data from others concerning them and in such cases I had to depend on information in the 1900 catalogue. I believe, however, that fully eighty per cent of the data in this Directory will be found correct.

The work necessary in preparing copy for this Directory was performed by and under the personal supervision of the G. H. in seven months time, which fact, even in the minds of those who may be most severe in their criticism of this volume, I trust will excuse the editor from the charge of neglecting his duties.

Before another Directory or Catalogue is issued the Order should provide ways and means for the proper verification of these records, and the installation of a permanent system for keeping them in date, but in the meantime it will be greatly appreciated if those into whose hands this volume falls will note any errors found therein and send such corrections to

THE KAPPA ALPHA FRATERNITY

S. Z. Ammen. 1900

By ~~Paul Murrill~~

(Reprinted from ~~1910~~ Catalogue.)

The Kappa Alpha Order had its origin in a fraternity organized at Washington College, Lexington, Va., December 21, 1865, by James Ward Wood, William Nelson Scott, Stanhope McClelland Scott and William A. Walsh.* The first meeting was held in the southernmost room of the South Dormitory, a building since replaced by Newcomb Hall. A ritual, drafted by Wood, was adopted. W. N. Scott was chosen (I), and Wood (III), after which W. M. Bell, R. S. Thompson and T. E. McCorkle were initiated. Thompson was made (II), Stanhope Scott (VIII) and other offices were filled. There was, of course, at that time no (IV) and no (V).

The appearance of a new fraternity produced a commotion in the college world. The number of students was but 146, and there were already five fraternities. The new competitor was accordingly by no means welcome, but encountered bitter opposition which continued for several years. It was waited upon by a committee and urged to abandon a hopeless undertaking. But Wood persisted in his enterprise, and before the end of the session R. N. Gillespie, Wm. Saville, T. J. Hanson and S. L. Kirkpatrick were added to the roll. Meetings were held monthly with great secrecy in the rooms of the members. There was much to do and there were many obstacles to overcome. Happily the founders were serenely unconscious of the thousand details to be attended to in organizing a successful fraternity, and went forward without an oppressive sense of responsibility.

The badge devised by Wood was the same in form and lettering as that now in use. It was of one sheet of metal and enamel—not, as now, with a smaller shield inescutcheoned. Plain and without the pearls, rubies and diamonds added by the luxury of the present generation, it was from the point of view of her-

*Documents recently discovered among Walsh's papers appear to render doubtful his claim to a place among the founders, and in the light of new facts it would seem that a distinction should be drawn between the *originator* and *organizers* of the fraternity. Wood and Wm. M. Scott were the originators. They selected Walsh and S. M. Scott, and the first meeting was held in Walsh's room.

aldry, the most nearly correct escutcheon possessed by any American fraternity.

Five members—Wood, the two Scotts, Thompson and Kirkpatrick—returned at the beginning of the next session. The old officers were continued. There was an enormous influx of new students and seven initiates were speedily secured. Of these but two, Stewart and Ammen, were faithful. The rest, being discontented, concerted a rebellion. They had joined to improve their position and to learn some of the awful secrets of the chapter room. They were disappointed to find themselves members of a new organization, small in numbers, opposed by the other fraternities and without sister chapters in other colleges. Secrets, there were none, the poverty of the ritual being obtrusive. The new members did not see much profit for themselves in their new relation and proposed to resign. They were at once expelled for violation of their obligation. The remaining members drew closer together, but the incident was terribly depressing and prevented further proposals of new members for months afterward. It had, however, the good result of teaching conservatism and of impressing members with the necessity of improving the ritual and devising other internal helps and attractions.

At Ammen's suggestion a new ritual was evolved and a new motto adopted, with the result of converting the "society," "lodge" or "council," as it was variously called, into an Order of Knighthood, with a military organization and appropriate initiatory ceremonies. There was introduced a new leading idea which was susceptible of indefinite development, in lieu of the abstract proposition on which Wood's ritual was based. The latter was very brief, consisting of a short dialogue, a poem quoted entire, a declamatory lecture, a constitution to sign and an oath to keep it all secret. It presented one inspiring sentiment, but suggested no striking historical event, or dramatic situation, such as might be illustrated by an imposing ceremonial, rich vestments, banners and other adjuncts of an impressive initiation.

The evolution of the new ritual began in 1866, and was approximately completed by the fall of 1868. The work fell to Ammen, as being the hardest worker. Material was gathered from his reading, chapter experience and essays read at chapter meetings. The ruling ideas were the aspirations expressed, during the formative period, in the essays of leading members. The ritual, in fact, was not made; it grew. Little by little the old ritual, in the process of emendation, passed out of the text, giving place to a new one with a different motif. Changes were facilitated by the fact that all our literature was in manuscript. They continued till the text became fixed by printing the Ritual and Constitution in 1870. After that date there were

no material additions or changes till 1893, when the text was again taken in hand by its author and carefully revised and enlarged.

In the evolution of ritual and constitution nothing was borrowed from other fraternities with respect to which the founders had very little knowledge or liking. There was no Baird at that time, or for many years after. Working out its ethical ideas and problem of government in its own way, and in the light of its own experience, the Order little by little created its present elaborate and efficient system, which differs in important particulars from that of any other College fraternity.

The fundamental principles of the Order were suggested by the circumstances of the time and place of its origin. Its essential teaching was that members should cherish the Southern ideal of character—that of the chivalrous warrior of Christ, the Knight who loves God and country, honors and protects pure womanhood, practices courtesy and maganimity of spirit and prefers self-respect to ill-gotten wealth. Something might thus be saved from the wreck of material interests and political rights caused by the Civil War. Students at Lexington in 1866-68 saw all reputable citizens excluded from public life and the dregs of the population in control of affairs. What was best and most distinctive in Southern civilization seemed to be threatened with extinction under the new regime. There was needed, it was felt, an effort and an organization to stay the change.

Environment, therefore, determined the nature of the new fraternity. Conceived and matured at a college of which Gen. R. E. Lee was president, at the close of a fateful military conflict; in the Valley of Virginia made dear to Southern hearts by its vigor in battling for Southern rights; in sight of the ruins of the Virginia Military Institute, plundered and wrecked by the infamous Hunter's invading force; among the people with whom Stonewall Jackson lived till duty called him to arms, and near the spot where his body was brought for sepulture after Chancellorsville—with this environment it was but natural that the Order should be of a semi-military* type and have for its aim the cultivation of virtues and graces conceived to be distinctly Southern. It was not an importation; it was racy of the soil that gave it birth. Southern in its loves, it took Jackson and Lee as its favorite types of the perfect Knight. Caucasian in its sympathies, it excluded the African from membership. Not unnaturally, therefore, despite the absence of anything political or sectional in its laws, the Kappa Alpha Order has restricted its activity to the Southern

States. By a true instinct—happily almost universal —its members have readily perceived that in the South, and in the South alone, can it find a congenial home.

Toward the close of the session of '66-'67, the chapter was strengthened by the initiation of W. A. Rogers, C. J. Kilgour and Jo. Lane Stern. During the vacation the paraphernalia now in use were devised by Ammen, who made colored drawings to guide in making up the various articles. The "explanation of symbols" was produced at the same time.

The session '67-'68 was the most prosperous in the history of the Old Alpha. The two Scotts, Bell, Kirkpatrick, Kilgour, Stern and Ammen returned, Martin Collins and J. F. Rogers were initiated, and Beta and Gamma were founded. Ammen was made (I). A permanent home was found in Ann Smith Academy,* where with the kind aid of Mrs. Scott, Will's mother, a Chapter Room was fitted up for our use, to the great joy and comfort of the membership. Here the paraphernalia were first employed in the initiation of Frank Rogers. Here, too, we had our banquets, with toasts and speeches that fired all hearts. In March, '68, four good men of the Virginia Military Institute were initiated and Beta was established. Up to this time the history of Alpha is the history of the Order, but with the organization of Beta—and particularly with the organization of Gamma by Collins in April, '68—our history broadens and divides itself into many diverging lines. It will, however, be convenient to trace the story of Alpha to its conclusion with the extinction of the Chapter in '70, since it was in this period that the office of K. C. was created, and the Ritual and Constitution were given the form which they retained, substantially, till 1893.

The office of K. C. was created May 1 ,'68, at the suggestion of the (I), to relieve the latter of the labor of correspondence with the new chapters. The new official was to be an officer of Alpha, ranking as (II) and subject to the orders of the (I) of Alphia, who, at this period, directed the affairs of the whole fraternity. The supreme control, by our law, was in the senior chapter, and the K. C. was to transmit to the other chapters the "decrees" of the parent chapter, to supply them with manuscript rituals and copies of the Code, and, generally, to attend to the interests common to all the chapters.

In the session of '68-'69 Stern (I), Martin, Kirkpatrick, J. F. Rogers, and Ammen returned. There were no initiations. The only events were the founding of Delta and Epsilon. In the following session Martin (I) and Stern returned, and Clemmitt, Cloughton, and

Iverson were initiated. Zeta and Eta were founded by Stern. Ammen, who was K. C., was residing in Kentucky, where he completed the First Degree, and had the Ritual and Constitution* printed, with additions and changes to which he procured Alpha's assent. With the close of the session '69-'70, Alpha became extinct, to be revived in '75; to perish again in '78 and be revived again in '85. Ammen, whom it had made K. C. in February, '69, remained K. C. till March 31, '71, when he resigned.

At Alpha's demise, Beta, as being the Senior Chapter, succeeded to the supreme power, and, at Ammen's suggestion, elected W. W. Collins, of Georgia, K. C. At the end of Collins' term, Beta, being now inactive, Gamma succeeded to the sovereignty and made J. L. Hardeman, of Georgia, K. C.

The Constitution as fixed in the text of '70 provided for an annual convention of limited powers, its acts not having the force of laws till confirmed by the chapters. But the chapters usually neglected to act on the convention's proposals, so that the system was unsatisfactory. Government by the senior chapter was also unsatisfactory, as being inequitable. The chapters, it was held, should have an equal voice in the election of the K. C., in whose hands lay the entire control of the common interest.

In theory the K. C. was a chapter office, subordinate to the (I) of the senior chapter, but Ammen had been continued in the office after he left college, so

---

*It is of interest to indicate what parts of our present ritual, laws and institutions we owe to various members. To W. J. Wood we owe the badge, the name of K. A., the names of most chapter officers, most of the opening and closing ceremonies, one paragraph of the ritual proper, an English quotation and several modified paragraphs elsewhere; altogether about two pages. To S. Z. Ammen we owe all of the rest of the ritual, except that part of the secret work suggested to the convention of '93 by G. D. Letcher; also the grip, the meaning of K. A., paraphernalia, explanation of symbols, the offices of K. C. and C. S. with their names, our "flowers," charter, seal, coat-of-arms, crest, most of the constitution as formed in '66-'68 and revised and expanded by him in '70 and '93, form of C. S. & Pursers' report blanks, the button, the office of C. A. and Special Messenger. At the suggestion of J. L. Hardeman the convention of '73 gave the K. C. his present status; that of '85, led by J. A. Williams, made the Journal a permanent success by creating the G. P. system. H. H. White, in '85, selected our colors, crimson and gold. The laws creating the library and other important laws of the Code of '93 were drafted by T. T. Hubard. Wm. S. Hamilton originated the Council of Honor.

that, as a matter of fact, he was no longer subject to Alpha's guidance, but necessarily acted for the most part on his discretion. He remained K. C. after Alpha's demise, when Beta had become the ruling chapter. The chapters were thus familiarized with the idea that the K. C. need not be an active member, need not be a member of the senior chapter, and need not be subject to any chapter's supervision in performing the duties of his office. Hence the events of 1873.

The convention of that year not only assumed† absolute powers of legislation, abolishing the referendum, but it made the K. C. an officer of the Order, not of a chapter. It enlarged his authority, gave him rank above all other officers, and provided for his election by the convention. In the interval between conventions he was to be the supreme and only executive. The effect of the change was to give the Order a strong government, unlike that of any other fraternity. Since 1885 the collection of the General Fund has been devolved upon another official, but otherwise the K. C.'s duties have retained their comprehensive character. In the revision of laws in 1893 his authority over other general officers was explicitly reaffirmed and defined, and his relations with certain chapter officers were made clear.

Apart from the story of the growth of the Order by the founding of new chapters, its history consists for the most part in the record of the development of its institutions, ritual, laws, offices, publications and other signs and instruments of progress. As respects ritual, there were two creative periods, '66-'70 and '93. Our laws have grown in all periods, the chief revisions and additions being those of '70 and '93.

THE KNIGHT COMMANDERS.

In the interval between conventions the K. C. is the sole authority for the determination of questions of administration in matters affecting the Order as a whole, as also in matters concerning the chapters and

†"The convention of '73 did not *assume* the governing power, but *accepted* it. The true history of that transaction I can give. I was K. C. when the convention met in Athens in '73. At its first meeting I decided the power was in Gamma. I then got the (I) of Gamma to call a meeting of that chapter. I then introduced a resolution in Gamma that she yield to the convention the power she had, and asked the convention to accept it. At the next day's session of the convention, the convention accepted it. I, as K. C., then decided that the power was in convention."—Extract of letter from Hardeman to Murrill, June 23, 1900.

their relations with the Order. The G. H., G. P., Editor and C. A. report to him and he decides questions arising with respect to their several departments. His control is made effective by the fact that all payments from the Order's treasury require his sanction. It is the K. C. who decides in principle how the year's outlay is to be proportioned and what expenditures may be undertaken. He decides all questions of ritual, law and policy. This wide discretion has been given him in order that he may be in a position to decide promptly the innumerable questions to which the letter of the law gives no explicit answer, in order that our government, having flexibility, may be able to adapt itself to new circumstances as they arise.

ROLL OE GENERAL SECRETARIES

1	Verner M. Jones	Chi	(Appointed by K. C.)	Feb. 1, 1914	.....

BOARDS AND COMMISSIONS

The "Board of Directors" and "Advisory Board" no longer exist. They are traces left in our history of obsolete conditions. It was noted in connection with the K. C.-ship that the office between '80 and '91 lost prestige, owing chiefly to the neglect of the K. C.'s of that period to keep in close touch with the chapters as the law required; particularly the neglect of reports, catalogues and other work of a necessary character. It was, in consequence, several times proposed by contributors to the Journal to abolish the office of K. C. That official began in fact to be regarded as a far-off personage, out of the current of affairs and personally unacquainted with the chapters and their needs. Hence the creation by the Convention of '89 of a Board of Directors to fill General offices vacated by death—a function previously exercised by the K. C.

This Board in '91 was replaced by an "Advisory Board" with larger powers. The latter Board was the expression of a sentiment that attained its maximum strength about 25 years ago, to the effect that the Order already had too many chapters; that it was desirable to multiply obstructions to chartering by depriving the K. C. of this function and prescribing impracticable conditions; that the K. C.'s judgment as to institutions fit to enter was not as good as that of a Board appointed by a convention would be; that the K. C. had made mistakes in chartering and a Board would do better. It was accordingly proposed to lodge the chartering power in a Board governed by obstructive regulations of a radical character. The result, as soon as the resolution of the Convention became operative, was that the establishment of new chapters ceased. Few members, however, were pleased with this outcome, in view of the fact that many institutions we have since glady entered were then still unoccupied by us. Moreover, the principle of government by Boards was an unwelcome one. The Convention of '93 therefore abolished the Advisory Board

and restored the control of chartering in effect to the K. C. In place of the Board was created an Electoral Commission restricted to the function of electing General Officers when notified officially of a vacancy.

ALPHA CHAPTER.

Founders of the Order:—J. W. Wood and W. N. Scott.

Charter Members (re-establishment in 1875):—J. T. Akers, T. P. Calbreath, W. F. Cosner, H. M. Sydenstricker and W. P. McCorkle.

Alpha, the Mother Chapter of Kappa Alpha, was established December 21, 1865. In 1870 it ceased to exist and was inactive for nearly five years. On March 10, 1875, it was revived by T. E. McCorkle, and a charter was issued by J. L. Hardeman, KC., to the members above named. It again became inactive in 1878 and remained so until Oct. 26, 1885, when it was revived by W. G. Hatchett (Eta), with the aid of Beta Chapter. The chapter of 1865-'70 is commonly referred to as the "Old Alpha" and was the supreme or governing chapter during that period.

VIRGINIA MILITARY INSTITUTE

LEXINGTON, VA.

Established in 1839.

Controlled by the State, through a Board of Visitors.

BETA CHAPTER

Charter Members:—W. F. Pearson, W. M. Jerdone, J. E. Hollingsworth and †W. M. Sears.

Founders:—S. Z. Ammen, and others of Alpha.

Established March 8, 1868, by S. Z. Ammen, presiding officer of Alpha. In 1872-3 it became inactive (due to members being in statu dormiendi rather than to the lack of a quorum, inasmuch as a business quorum existed until end of session of 1873-74), and in 1874 the Chapter was revived by Wm. D. Vance. Fraternities were never officially recognized by the authorities of the Institute, but met with no direct opposition until 1884-5. The suppression of fraternities was decreed June 30, 1885, and the chapter disbanded January 29, 1887. The chapter was again revived and the charter withdrawn in 1912.

Beta was the governing chapter from the death of Alpha in June '70, until the assumption of the authority by Gamma in 1872-3.

BETHEL MILITARY ACADEMY

Bethel Academy, Farquier County, Va.

OMICRON (Prime) CHAPTER

Charter Members:—E. T. North, C. E. Crittenden, J. W. Chapin, W. Percy Smith, W. B. Kirk and C. L. Stovall.

Founders:—J. W. Tyler and H. F. Payne, (both of Beta).

This chapter was chartered by D. R. Neal, K. C., in September or October, 1878, and six or more members were initiated during the college year '78-9. All of these left the Academy in June, '79, and the Chapter became extinct. On June 13, '83, the 12th Convention revoked the charter. An unauthorized attempt to revive the charter was made in '85, at which time three or more members were pledged. One of these (J. S. Smith) afterwards became a member of Lambda, and another (C. C. Phillips) was initiated under special dispensation in '95.

SOUTH CAROLINA UNIVERSITY

Columbia, S. C.

Chartered in 1801. Opened in 1805.
A State Institution (Formerly S. C. College).

RHO CHAPTER

Charter Members:—Emslie Nicholson, Macbeth Young, W. T. Beaty, R. P. Stackhouse and L. G. Young.

Founder:—Emslie Nicholson (Sigma).

Chartered December 20, 1880 by D. R. Neal, K. C., and established January 4, 1881. The chapter became inactive in 1892 at a period when attendance at the college was at a low ebb, but was revived October 4, 1895, by C. M. Richards (Sigma) and others. In 1897 the chapter succumbed to an act of the legislature prohibiting fraternities at all schools receiving State aid. A chapter house was owned prior to 1892.

WAKE FOREST COLLEGE

Wake Forest, N. C.

Chartered in 1834. Controlled by Baptist Church.

TAU CHAPTER

Charter Members:—E. S. Alderman, Thos. Dixon, Jr., Geo. E. Hunter, Archibald McDowell and J. R. Nichols.

Founders:—R. L. Rayburn and C. C. Bellamy (both of Sigma).

The Chapter was chartered Jan. 8, 1881, by D. R. Neal, K. C. Anti-fraternity laws are rigidly enforced at the College, and the Chapter remained sub rosa throughout its existence. In June, 1884, Tau was suppressed by the faculty, three of its members going to Eta and five to Upsilon. On December 10, 1889, the Chapter was revived through the efforts of Wm. S. Hamilton, of Alpha, and was re-chartered by H. H. White, K. C., but on April 11, 1890, it met with a similar fate. Since October, 1891, the charter has been in custody of P. H. Cooke of Upsilon. Initiations into the Chapter were made in 1891-2, 1892-3, and 1894-5.

CHI CHAPTER

Charter Members:—Horace H. White, Edgar Smith, Andrew J. Gibson and Marion Dargan. The charter was secured through Marion Dargan.

Founder:—W. E. Lucas (Delta). W. E. Reynolds, then a student at Vanderbilt, took part in the installation and was elected first (I), but upon its being discovered that he had been expelled by Epsilon chapter, his name was soon dropped.

Chartered April 9, 1883, by J. S. Candler, acting K. C. During the ,rst year of the chapter's existence a number of students of the University of Nashville were initiated, but the practice was immediately distontinued. The chapter was sub rosa until 1884, at which time the anti-fraternity laws were repealed.

CENTENARY COLLEGE

Shreveport, La.

Controlled by M. E. Church South.

ALPHA-IOTA CHAPTER

Charter Members:—W. M. Drake, H. N. Pharr, Dan A. James and J. L. Scales.

Founder:—H. H. White (Chi), K. C.

Chartered September 14, 1891, by H. H. White, K. C. The petitioners were members of a local fraternity, Delta Sigma Phi, which was organized at Centenary College in May, 1890, and had a total of 22 members. Eight of these became members of Alpha-Iota, viz.: J. M. Carter, W. M. Drake, W. P. Holcombe, D. A. James, H. N. Pharr, J. L. Scales and W. W. Drake. Later two others, J. A. Pharr and O. H. Simpson, became members of Chi and Psi, respectively. The local fraternity ceased to exist at the establishment of Alpha-Iota.

When Alpha-Iota was established, Centenary College was located at Jackson, La., and the chapter flourished until 1903, when the charter was withdrawn because of the decline of the college. The college was later moved to Shreveport, and Alpha-Iota was revived there on October 9th, 1909. The charter was again withdrawn at the close of the session of 1912-13.
